Stalking Issues

On the last news letter I remember advising everyone to ensure guns and rifles should be hidden and not put on view, Sadly John Cropper left his rifle on the rear of his seat while galloping a fallow deer 50 metres from where he was, a member of the public took a photo and reported this to the police he has had his guns seized so that fall out has opened a can of worms he has been also selling to current members other stalking, the committee did suspect he was doing similar a few years back, rather than put up with the possible on going situation that this will not stop we decided best to drop the grounds and replace them with ones we control our selves instead of 50/50 ownership its not worked obviously.

Beaver was a complete fabrication and we will have no doubt lost our money here.

New stalk ground

OK, just to let you know Dave Baxter in Elgin Morayshire has now joined the stalker supplier see attached land info for the information. Ed Whittaker at Herefordshire we have re-negotiated our terms here and its live and available from the 21st of September, I will replace what we have lost but will take time.

New pigeon ground

This has worked well and members have been courteous to the Keeper Tom see some bag pictures from this summer season its book and go but game season is now on us so have to wait now till after winter mid feb on rape. you can still go for other vermin just phone Tom and have a chat about it.

Game dates for the coming season

Walked up dates

Northampton

1 day date to be advised in October and date in January.
