Deer stalking updates | Walked up shooting | Rough shoot's and fly fishing

## Deer stalking

It was good to see excellent use of stalk managed areas in general visits have increased, as have visits to leased grounds

## New Hunt Ground

We have taken on Jolliffes farm in Margaret Marsh near Sturminster Newton, again a nice addition to what we have here locally its 175acres and a separate 45 acres - no high seats will be put up as requested by farmer, details are attached with the news letter any questions please get back and this is available form the 15th of September 2019.

## Poaching local to our leased grounds

### Not substantiated

We heard a report that 9 deer had been killed in a large local woodland which was fenced the perpetrators had put a ladder over the fence to gain access and remains were found of the deer as I said its hearsay but we need to be on our guard always - its common knowledge sheep rustling in Midlands is an on going problem

Sika Pricket from Bagber Dorset

## General news and plans 2019/20

On the 2nd page are dates for the walked up days please note its first come first serve if you book and can't come let me know ASP I can allocate out to someone else. We have increased ground around Corwen and you will have access to a shoot on the Llyn Peninsula where we have introduced 500 ex layers down to start a breeding population ill do this for 4 years, feeding with wheat and aniseed flavouring - its working! I visit every week to check barrels and there getting hit well and I always see or here birds moving through the bracken near the feeders important they know where food is in the winter months to bring them to a variety of locations.

344 North Wales

Pigeon visits went well with some good bags were looking to Spring now and I'll send date for a get together in Northampton and Prestatyn for the 'spring' in winter news letter.

- **Geese and Duck Flighting trip on** - September 7th  
Northampton - we had 16 geese for 3 guns and 2 Mallard then some breakfast locally a nice morning. .
- **Walked up, dates**
- **19th Oct.**
- **2nd - Nov**
- **9th Nov**
- **30th Nov**
- **14th Dec**
- **28th Dec**
- **15th Jan**
- **25th Jan**
- **27th Jan**

I'll advise the location and meet times - to those booking lunch cost and beer £12.00 on average I may fit another day in if I get another block of ground which I'm working on ..

## *Future Planning*

### **Increasing Deer and rough block's.**

We have opportunity off a deer block in three areas

Dorset 1-2 ongoing discussions expect too get 1

Leicester - chance of a muntjac block meeting 20th September , I'll advise.

Recently we may have a chance of a few in Oxfordshire through a potential new member.

I'll advise as we bring ground on board.
