

SHOOTING.SH WINTER SEASON 21-22

Stalk blocks possibly coming on board under lease

What a year anyway lets. Hope we are seeing the end of the Covid 19 rampage. We are working on 3 large land blocks ill just say south Midlands under lease for stalking and pigeon control I wont name where they are as I never want to bad luck our proposal for these and not cheap either but great asset to club. Also I will be asking permission for a walked up shoot area in Cambridge block acreage. Wiltshire we may get a small area but prolific for Fallow from 2 high seats I'm on that as well in February, Also a farmer shooting on my Woodcock business said he would sort out something for us he knows Richard Parr from Bridge farm which we have already in Devon fingers crossed. Advert on going for land in Devon and im e-mailing a variety of farms initially in Dorset that's a weekly on going operation.

DSC1/2 courses

Contact Mike Idziasczyk he runs our in house courses and 5 places available starting online 3rd of March for more information contact Mike on 07831-09849

Walked up Shoot Days

A good solid group of guys committed to our days, I only think we had one day where it was 2 persons and we cancelled with two you cant really spread and disturb the birds, we are putting a minimum of a 1000 pheasant down having taken over the large shoot area which as BetwsGG shoot work to repair three cages will take place in the spring which will give us some great drives. And we have access to other shoot areas, on the rough shoot side we will allocate a 300 acre block so you can go on your own I will put feed barrels in and around that area pulling some birds in for sport. We may have a walked up shoot in Cambridge subject to us getting the land ill pay some one local to feed barrels and we will introduce 400 ex pheasant layers initially. Plus bonus of pigeon control over the full 7000 acres.

We will have access to a simulated clay machine and I propose we have pigeon and clay days through the summer I'll send details next month on this and proposed dates.

Pigeon Shooting

Well this is on us in the next month and over rape initially and in Irlam Manchester failed crops and at Prestatyn North Wales new drillings I'll drop down and check situation, Ive plenty of dates in March where I'm taking various groups and I can slot members in no problem so enquire and we can sort dates out for you. If interested contact me to book or await the dates

Firearms variations and other matters.

The Police have tightened up and check everything and ask everything, GP's are heavily involved in issuing a letter saying your sane...

They check with us if you are a renewed member that's new in past 2 years. So be careful !!

Simulated Clay days will be available in the summer at a small subsidised cost again if you want to come along let me know.

Lastly we wish you a great new year,

M.Buemi after an outing with. Peter drew with a nice CWD

Matt and Gary who regularly beat on our walked up days in season.

A nice fallow taken at Leicester with. Matt Cole Stalker

[Stalks that have dropped of our system 2022](#)

Stalks that we can no longer supply a subsidy to - mainly they have never got on board with the operation and have a heavy load of clients themselves

Tom Davies from Dartmoor deer services

Ed Vincent from Wiltshire

NEW subsidised stalk.

Near Bristol - stalking - hainesjbh@aol.com

See A4 summary attached.

Nalin below on his first wild boar trip - summer 2021, below Mark with a decent Roe buck.
